Plain Apron Tables

Plain Apron Tables are available in a variety of sizes, with several different top materials. These tables are built for years of dependable service. Legs and aprons are constructed of solid red oak, and are smoothly machined. They are finished with a chemical resistant, earth-friendly UV finish. Aprons are constructed of solid red oak and are 13/16"D x 4-1/2"H with heavy-duty 13-gauge steel corner braces. 2-1/4" square solid oak legs, with 5/16" hanger bolts installed, are attached to apron with nuts and washers supplied. All tables are equipped with non-skid adjustable glides for precise leveling and for prevention of rocking on uneven floors. Tables are supplied with black rubber leg boots which offer protection against scuffing and chemical spills. Standard table height is 30" with a weight capacity of 500 lbs. (Shipped KD with tops attached)

LabHand

Designed to provide a safe, convenient surface for laptops, tablets or books in a laboratory setting. The LabHand is mounted on a solid plastic rod which fits securely into standard rod sockets. The platform is made of powder coat steel to create a surface that will withstand the typical chemicals found in laboratories. The LabHand holds laptops and books off the work surface protecting them from spills and increasing the amount of workspace available. 12" square with 5-1/2" rod.

Adjustable Height Table

A perfect solution for ADA requirements that can adjust in 2 cm increments from 27-3/4" to 39" (42"H with 3" spacer provided). Can also be adjusted for use as an incline surface for physics. Solid 4-1/2" oak aprons are attached to your choice of three top options: 1-1/4" plastic laminate, 1-1/4" ChemGuard, or 3/4" phenolic. Note: phenolic resin tops are heavier and may require two people to adjust the height. The wood is finished with a chemical resistant, earth- friendly UV finish. The table has a weight capacity of 500 lbs. Optional casters sold separately.

Adaptable Table (ADA)

Adaptable...the name says it all. The height can be adjusted so easily—adapt to your situation. The unique design of the leg allows you to adjust the height of the table in less than 30 seconds without the use of tools. Use the table at sitting height, standing height, or even at display height. Use the table for elementary

children through adults. Ideal for use by a person in a wheelchair. Make it match the height they need. Table adjusts in 2 cm increments. The powder-coat legs include adjustable glides. Choose from two sizes and two tops. Height adjusts from 27-3/4-39"H (42" with included spacer). Optional casters are available.

Clean Up Sink

One piece top including sink is molded of polyolefin (It's easy to clean, extremely chemical resistant, and is highly impact resistant to reduce glassware breakage). Long grooved sloping counter leads to large sink in center. The low temperature strength eliminates cracking with dry ice, and the sink measures (24-1/2"W x 18-1/2"D x 14"H). It includes a hot and cold water mixing faucet. The base is constructed of hardwood and oak veneers with a chemical resistant, earth-friendly UV finish. Two adjustable shelves can be found inside the outer cabinets. Includes: pulls, locks and rubber base molding. The back panels is unfinished with a plumbing cut-out.

ITEM #	TOP	SIZE
3303K*	Polyolefin	55-1/2"W x 28"D x 36-1/2"H

Mirror

Our shatter resistant acrylic mirror is enclosed in a solid oak frame with a natural transparent finish. Easily mounts on 1/2" diameter crossbar of any of our mobile labs which include uprights and crossbar. It can be tilted to any angle—held secure with nylon screws in the mounting brackets. Weight: 10 lbs.
