DIVERSIFIED Difference

- ☉ We've been producing lab furniture for almost 50 years!
- ☉ We build our furniture at our facility in Suring, WI
- ☉ Our products are:
 - MAS Certified Green
 - CARB compliant
 - TSCA compliant
 - SEFA compliant
 - Scientific Equipment Furniture Association
 - Similar to BIFMA, but specifically for furniture exposed to chemicals
- ☉ Independent performance tests are conducted
- ☉ UV finish is rolled-on chemical-resistant and non off gassing
- ☉ Have projects? SPACES+ great fit for educational environments that are renovating or adding new skilled spaces. Call us today!
- ☉ The FASTRAK Catalog is here to get you what you need, fast!
 - All products with the  symbol have options available.

SPACES+

Science

“All of Science is
nothing more than
the refinement of
everyday thinking.”
Albert Einstein

Tables

PerpetuLab

Our best-selling Science Table with endless options! Available with fixed wood, adjustable wood, or fixed steel legs.

Features

Base: Solid oak or maple hardwood apron with an earth-friendly UV finish, featuring heavy-duty 13-gauge steel corner braces; Optional book compartments or drawers (n/a on adjustable legs)

Legs: 2-1/4" fixed wood or adjustable wood legs; Adjusts from sitting height of 30" to standing height of 36" by easy bolt adjustment; 2-1/2" square steel tube legs available in 8 colors

Tops: Black solid epoxy, black phenolic resin or black ChemGuard with choice of 11-3mm edge band colors

Feet: Equipped with non-skid adjustable leveling glides; Rubber leg boots available on fixed wood legs

Casters: Optional 4" Industrial Casters or Designer Casters; 3" Casters available on fixed wood legs

Options: Leg Braces, Stretcher, Full or Half Shelf available on fixed wood legs;

Electrical: Available on fixed legs with glides only (Non adjustable height and not with casters)

Hand Sanitizer Station - Standing	260009	16"W x 16"D x 36"H (Max: 52"H)
Hand Sanitizer Station - Wall	260010	8"W x 8"D x 7"H

Protocol All-In-One Hygiene Station & Glove Dispensers

An all-in-one construction for easily accessible PPE products.

Features

All-in-one Base: Type 300, 16-gauge stainless steel with #4 polish satin finish and mounts to wall horizontally; Includes wall mount refillable gel hand sanitizer dispenser and compartments to hold latex gloves, masks or tissues (24"W x 4-1/2"D x 12"H)

Dispenser Base: Type 300, 18-gauge stainless steel with #4 polish satin finish, and mounts to wall horizontally or vertically; One (5-1/4"W x 4-1/2"D x 9-1/8"H), two (10-1/8"W x 4-1/2"D x 9-1/8"H), three (15-1/8"W x 4-1/2"D x 9-1/8"H) or four compartments (20-1/8"W x 4-1/2"D x 12"H) that hold most standard-sizes

Not Included: Sanitizer gel, gloves, tissues and masks

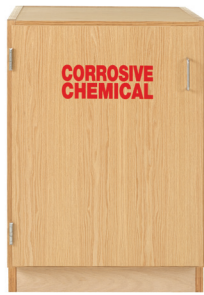

Item #	Product	Size
260011	All-In-One Hygiene Center	24"W x 4-1/2"D x 12"H
260012	Glove Dispenser - 1 Compartment	5-1/4"W x 4-1/2"D x 9-1/8"H
260013	Glove Dispenser - 2 Compartment	10-1/8"W x 4-1/2"D x 9-1/8"H
260014	Glove Dispenser - 3 Compartment	15-1/8"W x 4-1/2"D x 9-1/8"H
260015	Glove Dispenser - 4 Compartment	20-1/8"W x 4-1/2"D x 12"H

3420-3622K

3420L-2422K

Protocol Corrosives Cabinet

Safe solution for storing non-flammable acids and corrosive liquids.

Features

Base: Constructed of 3/4" thick exterior grade oak or maple veneer with an earth-friendly UV finish

Door Options: Non-locking, double doors or locking single door with left or right hinge and wire pulls

Features: Lined with 1/4" polypropylene interior, and includes 2" plastic containment drip pan, one lined adjustable shelf and removable back panel to access venting behind cabinet

Item #	Product	Size
3420-3622_	Double Door, Non-locking	36"W x 22"D x 35"H
3420L-2422_	Single Door, Left Hinge, Non-Locking	24"W x 22"D x 35"H
3420R-2422_	Single Door, Right Hinge, Non-Locking	24"W x 22"D x 35"H

_ Hardwood Option: M - Maple or K - Oak

Protocol Flammables Cabinet

Safely store flammable, hazardous materials and liquids.

Features

Base: Constructed of 1" thick plywood with 1-1/2" x 3/4" hardwood strips that are added into 1" interiors to create seal; Choose from oak or maple hardwood and veneers with an earth-friendly UV finish

Door Options: Locking, double doors or locking, single door with left or right hinge with secure, 3-point locking handle system and wire pulls

Features: 3" high drip tray in case of leak and metal adjustable shelf designed to contain spills in center of drip pan; Meets or exceeds NFPA30 and is UL1275 standard certified

_ Hardwood Option: M - Maple or K - Oak

3440-3622K

253266

Protocol Steel Oil Waste Can

Properly discard materials soaked with solvents and other flammable liquids.

Features

Base: Round, steel construction with elevated base for circulation of air to disperse heat, and reduce moisture build-up and rust; Powder-coat finished provides chemical resistance

Lid: Opens no more than 60° and stays closed when not in use

Item #	Gallons	Size
253266	6	12" (Diameter) x 16"H
253267	10	14" (Diameter) x 18"H
253269	14	16" (Diameter) x 20"H

Protocol Steel Flammables Cabinet

Secure, steel unit to store flammable materials and liquids.

Features

Base: Constructed of sturdy 18-gauge (1-mm) thick double-wall, welded steel with 1-1/2" (38-mm) of insulating air space for fire resistance; Durable, lead-free epoxy/polyester powder-coat finish provides excellent chemical resistance

Storage: Galvanized steel shelves direct spills to back

Manual-Close Doors: High-performance doors that self-latch when pushed closed; Doors open to full 180 degrees and fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time

Self-Close Doors: Automatically close when fusible link melts at 165°F (74°C) under fire conditions; Fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time

Features: Dual vents with flame arresters, four adjustable self-leveling feet, grounding connector and trilingual label

Item #	Gallons	Door	Overall Size
253260	45	Self-Closing	43"W x 18"D x 65"H
249732	45	Manual-Close	43"W x 18"D x 65"H
253259	60	Manual-Close	34"W x 34"D x 65"H

253260

253261

Protocol Steel Acid/Corrosives Cabinet

Designed to safely store containers of acids and corrosive liquids.

Features

Base: Constructed of sturdy 18-gauge (1-mm) thick double-wall, welded steel with 1-1/2" (38-mm) of insulating air space; Durable, lead-free epoxy/polyester powder-coat finish provides excellent chemical resistance

Storage: Polyethylene trays attached to galvanized steel shelves with removable, polyethylene liner to resist aggressive chemicals; High-performance doors that self-latch when pushed closed and open to full 180 degrees; Fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time

Features: Meets OSHA and NFPA 30; Dual vents with flame arresters, four adjustable self-leveling feet, grounding connector and trilingual label

Item #	Gallons	Door	Size
253261	45	Manual-Close	39-1/2"W x 14-6/10"D x 60-1/2"H

Protocol Steel Paint/Ink Cabinet

Securely store and organize paint and ink cans.

Features

Base: Cabinets constructed of sturdy 18-gauge (1-mm) double-wall, welded steel with 1-1/2" (38-mm) of insulating air space

Storage: One, three or five shelves; High-performance, self-latching doors close securely for maximum protection and feature fail-safe closing mechanism to ensure three-point stainless steel bullet latching system

Features: Meets OSHA and NFPA standards

Item #	Gallons	Shelves	Size
253262	30	One	43"W x 12"D x 65"H
253263	40	Three	43"W x 18"D x 44"H
253265	60	Five	43"W x 18"D x 65"H

253263

Cabinets should be secured to the wall for safety. Mounting hardware is not included.

FAC-3613K

Protocol First Aid Hanging Cabinet

Keep all first aid supplies in an easy-to-reach place.

Features

Base: Constructed of oak or maple hardwood and veneers with an earth-friendly UV finish
Storage: Sliding, locking upper doors, two open compartments and two adjustable shelves enclosed behind one hinged door

Safety Features: ABC fire extinguisher, fire blanket, first aid kit, two plastic one-gallon jugs and one galvanized pail

Item #	Product	Overall Size
FAC-3613_	First Aid Wall Cabinet	36"W x 13"D x 30"H
_ Hardwood Option: M - Maple or K - Oak		

Protocol Shower & Eyewash Station

Provides on-the-spot decontamination by allowing users to flush away dangerous substances.

Features

Base: Constructed of oak or maple hardwood and veneers with an earth-friendly UV finish

Storage: Upper storage space has two adjustable shelves; Lower cabinet locks for security (ADA model includes access for wheelchair instead) Weight: 265 lbs

Eyewash Station: 10" diameter stainless steel bowl, lever action ball valve on HPL top

Shower: Emergency drench shower head of high-impact ABS plastic with stay open chrome-plated brass valve

Not Included: Service piping

Item #	Product	Overall size
6900_	Shower & Eyewash Station	36"W x 22"D x 84"H
6900_-ADA	Shower & Eyewash ADA Station	36"W x 22"D x 84"H

_ Hardwood Option: M - Maple or K - Oak

6900K

6900K-ADA

6950K

Protocol Safety Station

Complete all-in-one safety unit with built-in shower and eyewash station.

Features

Base: Constructed of oak or maple hardwood and veneers with an earth-friendly UV finish

Storage: Includes ample locking storage for other safety equipment; ADA-complaint with room for wheelchair and lever-controlled fixtures

Eyewash Station: Detachable eyewash mounted to back panel and can be pulled up to 12' away from station; Eyewash paddle handle activates stay open valve for hands-free usage

Shower: Shower head has high-volume continuous water flow featuring pull handle that activates stay open valve

Other Features: High-pressure laminate (HPL) top with stainless-steel bowl and 4" chase behind to allow plumbing to run

Item #	Product	Overall Size
6950_	Safety Station	48"W x 22"D x 84"H

_ Hardwood Option: M - Maple or K - Oak

Protocol Fume Hood Cabinet

Versatile fume hood that can be used in multiple classrooms.

Features

Base: Constructed of oak or maple hardwood and veneers with an earth-friendly UV finish

Storage: Two drawers (two pull-out lipped shelves lined with chemical-resistant liner)

Fume Hood: Ductless unit enclosed by $\frac{5}{16}$ " acrylic; Metallic parts are anti-corrosion metallic alloy protected by thermo-hardened anti-acid polymer coating; Comes standard with internal light fixture and mounted to cabinet ($25\frac{1}{4}$ "D x $32\frac{3}{8}$ "W x 36"H)

Electric: Does not require ducting (saves energy) and plugs into ordinary outlet

Smart Technology™: Features smart-light communication – soft band of light to let you know unit is operating safely and will pulse for compromised airflow, fan failure or when it's time to change filters; Includes chemical sensors, real-time status and eGuard app

Filter: Includes one all-inclusive filter (2-year average life) that handles liquids, gases and solid chemicals; Filter type determined by results of Valiquet Chemical Questionnaire*

Other Features: Air flow meter, flow monitor, sampling port, programmable timer, energy ports and list of approved chemicals

Feet: 4" casters

Overall Dimensions: $32\frac{3}{8}$ "W x $27\frac{1}{4}$ "D x $81\frac{1}{2}$ "H; Internal hood dimensions: $30\frac{1}{8}$ "W x 23"D x 32"H; External hood dimensions: $31\frac{1}{2}$ "W x 25"D x $45\frac{1}{4}$ "H

Item #	Product
1800_-GF4AS	Fume Hood with VOC Carbon Filter
1800_-GF4BE	Fume Hood with Broad Range Filter
1800_-GF4F	Fume Hood with Formalin Carbon Filter
1800_-GF4K	Fume Hood with Carbon Filter
253560-GF4 HEPA	HEPA Filter

_ Hardwood Option: M - Maple or K - Oak

*Erlab hoods require filters to be selected according to individual applications (Must get the Valiquet Chemical Questionnaire form completed prior to purchase to determine which model you will receive. On rare occasions, results may also require purchase of an HEPA filter). Your specifications will be analyzed and validated by Erlab's PhD chemist, ensuring your safety. Please contact customer service with questions.

1800K-GFAS

See p.123 for
goggles and glasses.

Protocol Eye Safety Cabinet

Secure storage cabinet to keep safety eye-wear clean and protected.

Features

Base: Constructed of 24-gauge white enameled steel with locking doors featuring tamper-resistant latches; Wall or shelf mountable with 7' grounded electric cord; Weighs 45 lbs

UV Germicidal Storage: Average kill rate of 99.2% with monitor providing protection during five-minute cycle controlled by timer (shuts off automatically if doors are opened); Pilot light confirms UV lamp is in use and germicidal lamp has 20-year limited warranty; Holds six glasses or five goggles to a shelf on eight shelves

Not Included: Glasses and Goggles

Cabinets should be secured to the wall for safety. Mounting hardware is not included.

Augmented Reality (AR) Sandbox

Our AR Sandbox unit uses 3D visualization applications that allow users to create topography models by shaping real sand, augmented in real time by an elevation color map, topographic contour lines, and simulated water and lava.

Features

Base: Constructed of oak or maple hardwood and veneers with an earth-friendly UV finish

Software: Includes detailed instructions for downloading calibrating and running software

Electronic Equipment: Microsoft Kinect 3D camera and data projector; Deluxe wire management system keeps cords hidden and managed neatly

Features: Laptop shelf that folds away when not in use

Feet: 4" heavy-duty, locking casters

HGC-52_	Growing Center	52"W x 28"D x 78"H
_ Hardwood Option: M - Maple or K - Oak		

HGC-52M

Sprout Plant Growing Stand

Start your seedlings indoors and watch them grow with this compact, versatile plant stand.

Features

- Base:** Constructed of tough, plastic-coated iron with shelves that can be adjusted in 1" increments
- Shelving:** Four adjustable shelves and two fixed mesh shelves
- Trays:** 20 plastic trays (four per shelf) for plants
- Lights:** Five sets of T5 grow lights; Each light has two specialty horticultural 4" high-output T5HO bulbs housed within a polished aluminum reflector; Hanging hardware for light height adjustment
- Feet:** Locking Casters
- Weight Limit:** 300 lbs.

Fab-Lab Series

Take your Fab Lab or Makerspaces from drab to “fab” with this mobile and versatile unit.

Features

Base: Frame powder-coated in eight standard colors with matte finish; Apron constructed of 16-gauge with end gusset geometry and attached to legs with bolts; Legs constructed of 2" x 2" square steel outer tubes welded together with upper and lower cross braces; 1-3/4" x 1-3/4" square steel 14-gauge inner tubes with riv-nuts spaced 1" on-center to provide adjustable heights from 27-1/4"H to 35-1/4"H to underside of the top (overall height varies with top thickness) with glides and 1" thick top; 14-gauge stretcher bar provides additional rigidity to table frame (can be installed front, middle or back of leg frame); Top attached with screws in two directions

Top: Black epoxy, black phenolic resin, Maple Butcher Block, or Shoptop®; HPL, ChemGuard, or Dry-Erase with 3mm edge band

Feet: Equipped with adjustable leveling glides

Options: Color-coordinated 12" deep shelf made from 14-gauge steel; 3" casters (#253996X4). Casters add 3-1/2" to table height.

Lab Hand

Designed to provide a safe, convenient surface for laptop, tablets or books in a laboratory setting. The Lab Hand is mounted on a solid plastic rod which fits securely into standard rod sockets. The platform is made of powder coated steel to create a surface that will withstand the typical chemicals found in today's laboratories. The Lab Hand holds laptops and books off the work surface protecting them from spills and increasing the amount of work space available. Unit has 12" square platform with 5 1/2" rod for mounting.

Item #	Product
100994	Lab Hand Units
100994X6	Set of 6 Lab Hand Units

100994

Greenlaw Arm

Used for conducting experiments, the Greenlaw Arm includes 3/4" x 3/4" clamp, a 3/4" x 36" upright and 3/4" x 18" crossbar. The upright fits into a rod socket with a 3/4" receiver that is found in many laboratory units. Pieces are made of solid machined aluminum.

Item #	Product
100245GRARM	Greenlaw Arm

100245GRARM

Mirror & Mirror/Markerboard

Mirror and Mirror/Markerboard are enclosed in a solid oak frame. Mirror is a shatter resistant acrylic. Units easily mount on 1/2" diameter crossbars (not included). Can be tilted to any angle and is held secure with nylon screws in the mounting brackets.

Item #	Product	Size

Power Outlet with Clamp & USB Hub

The new Clamp Mount Outlet & USB Charger will add instant convenient AC power and USB charging accessibility to your work surface. Keep your laptops, tablets, tools, or other mobile computing devices charged and ready to go at your table, workbench, or anywhere else power access is needed. Fits on worksurfaces from $\frac{3}{4}$ " to 2" thick.

Item #	Product	Size
251975	Clamp Outlet/USB Hub	5-1/4"H x 7-1/4"W x 3"D

Heavy-Duty Vise

Solid steel dog in the front jaw, when used in conjunction with a bench stop, allows oversize work to be held securely on the bench top

Construction: Machined, toed-in jaws provide a solid grip; Steel, no-pinch handles provide adequate clamping pressure

Jaws: Front and back jaws are drilled and countersunk to allow installation of optional wood facing

Fitment: Easily fits butcher block tops or shop tops 2-1/4" thick

Installation: Template included

Bench Vise

Sturdy 4-1/2" swivel base vise is ideal for the Robotics Bench

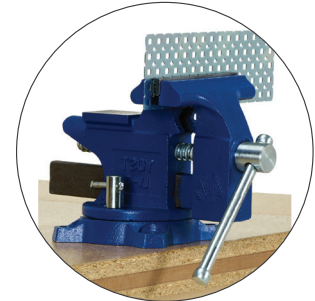

Construction: Made of cast iron with steel vise jaws, threaded spindle assembly and a chrome lock down

Adjustable: Can be rotated up to 240° on its base

Jaws: Built-in pipe jaws allow holding small pipes and tubes ranging in diameter from 0.6"D to 1.85"D

Color: Powder-coated royal blue

Installation: Template included

251909	Bench Vise

Magnetic Tool Holder

Magnetic Tool Holder can be used to organize hammers, wrenches, screwdrivers and more. This is perfect for use for your tools on the Vex Robotics Bench. Has durable black powder coating. Magnet is 13"W x 1"D x 1"H, and made of powder coated steel.

Item #	Product
251913	Magnetic Tool Holder

Safety Glasses & Goggles

Glasses: Durable planos feature fold out contouring side shields for maximum eye protection, arms are extended for maximum fit and comfort dual clear polycarbonate lenses.

Goggles: Indirect vents protect against liquids, dust and smoke while permitting indirect ventilation. UV absorbing polycarbonate lens are Anti-Fog. The high quality green tinted flexible PVC body ensures a proper fit and fits over most prescription glasses. Adjustable 18" (45.72 cm) green elastic headband. Our safety glasses have durable planos feature adjustable temples, universal-fit nose bridges and flat-fold side shields.

Acumen Vinyl Chairs

Tractor Stool & Poly-Chair Colors

HPL WITH 3MM PVC EDGE BANDING (L)	
CORE MATERIAL	Industrial-grade particle board with high-pressure laminate (HPL) on top, resin backer sheet on bottom
TOP COLOR	Six color options: black, charcoal, almond, white, natural maple and erasable
EDGE BAND COLOR	11 color options: black, charcoal, almond, white, natural maple, carrot, lime, aqua, red, peacock and royal
EDGE	3mm PVC edge with radius corners
THICKNESS	1-1/4"

CHEMGUARD (2)	
CORE MATERIAL	Industrial-grade particle board with chemical-resistant (CR) high-pressure laminate (HPL) on top, resin backer sheet on bottom
TOP COLOR	Black
EDGE BAND COLOR	11 color options: black, charcoal, almond, white, natural maple, carrot, lime, aqua, red, peacock and royal
EDGE	3mm PVC edge with radius corners
THICKNESS	1-1/4"

PHENOLIC RESIN (4)	
CORE MATERIAL	Solid phenolic compact, standard resistant-grade pigmented resin core with electron-beam cured surface
FINISH	Black, matte finish
EDGE	No edge, solid top with square corners, 1/8" bevel on exposed edges and corners
THICKNESS	3/4"

EPOXY RESIN (6)	
CORE MATERIAL	Monolithic compounded mixture of modified epoxy resin
FINISH	Black, matte finish
EDGE	No edge, solid top with square corners, 1/8" bevel on exposed edges and corners
THICKNESS	1"

MAPLE BUTCHER BLOCK (5)	
CORE MATERIAL	Solid hard maple top consisting of face-glued hardwood strips
FINISH	Clear varnished finish—two coats on the top, one coat on the bottom
EDGE	Solid edge with 1/8" radius on top, bottom and corner edges
THICKNESS	1-3/4" or 2-1/4"

WALNUT BUTCHER BLOCK (W)	
CORE MATERIAL	Solid hard walnut top consisting of face-glued hardwood strips
FINISH	Clear varnished finish—two coats on the top, one coat on the bottom
EDGE	Solid edge with 1/8" radius on top, bottom and corner edges
THICKNESS	1-3/4"

SHOPTOP® (7)	
CORE MATERIAL	Composite of medium density fiberboard (MDF) sandwiched between two pieces of 1/2" particle board
SURFACE MATERIALS	1/2" industrial-grade particle board (Top & Bottom)
FINISH	Particle board, sealed and finished with a clear chemical-resistant, earth-friendly UV finish—two coats on the top, one coat on the bottom
EDGE	3/8" radius on top edge
THICKNESS	1-1/2"

Warranty

Warranty Promise

Diversified Spaces promises to repair or replace any Diversified Spaces brand product or component that is defective in material or workmanship under normal use for as long as the Original Purchaser owns it. This is the sole and exclusive remedy for Diversified Spaces products to be found defective. This warranty applies to Diversified Spaces products from the date of delivery to the Original Purchaser and is non-transferable. This Warranty is subject to limitations, exclusions or other provisions detailed below. Original Purchaser implies the final purchasing entity acquiring the product from a Diversified Spaces Authorized Dealer for the purchaser's use and not for resale, remarketing or distribution.

Limited Lifetime Warranty Terms

Limited Lifetime Warranty — Diversified Spaces warrants that its products shall be free of material defect and/or faulty workmanship from the date of delivery. This warranty is subject to the limitations and exclusions indicated below

12 Year Warranty — Diversified Spaces warrants that its laminate tops, butcher block tops, phenolic tops, epoxy tops, stainless steel tops, high wear, and moveable parts (ie: casters, glides, etc.) shall be free of substantial defects in original material and workmanship for twelve (12) years from the date of delivery.

1 Year Warranty — Diversified Spaces warrants that all wood veneer, electrical components, and dry erase markerboard surfaces are free of substantial defects in original materials and workmanship for one (1) year from the date of delivery.

6 Month Warranty — Diversified Spaces warrants that all hand sanitizers and dispensers are free of substantial defects in original materials and workmanship for six months from the date of delivery.

Warranty Exclusions and Limitations

Exclusions — This warranty is considered null and void by the following:

- Abnormal defects caused by abuse or unruly use, modification, or alteration of product
- Any damage caused in transit by the carrier (Contact Diversified Spaces Customer Service to address carrier damage.)
- Ordinary wear and tear (including but not limited to: scratching of laminate, phenolic, epoxy and butcher block tops; ghosting on dry-erase markerboard; chips caused by the moving of epoxy tops)
- Products installed, used, or maintained without adherence to product specifications, assembly instructions or Diversified Spaces' recommendations and warnings
- Product exposure to water or dense humidity

Caution is advised when abutting epoxy surfaces, as chipping and cracking may occur when an epoxy edge is bumped into another. Chipping and cracking caused by bumping of epoxy surfaces is not covered under the Diversified Spaces Warranty.

Warranty Limitations

This warranty is provided only to the initial purchaser, is non-transferable and is valid strictly for as long as the product is owned by the original purchaser. To be protected under this warranty, all products must be stored in areas of controlled temperature and humidity, and periodic regular scheduled maintenance must be performed. See separate Care and Maintenance documents for further detail.

Any incidental or consequential damages, including but not limited to business losses, personal property damage, and third-party liabilities are hereby expressly excluded.

Diversified Spaces shall repair or replace, at its discretion, any portion of the product which proves to be defective under the terms of this warranty. Diversified Spaces may elect to substitute a reasonably comparable product, or a cash refund of the original purchase price (less reasonable depreciation) in the event the original warranted product is no longer manufactured at the time the warranty is exercised. Liability is limited to replacement parts and labor.

Freight and installation costs are excluded from Warranty consideration and are the sole responsibility of the Purchaser.

Diversified Spaces products are not recommended or warranted for outdoor use.

Some natural color variations occurring in wood, veneer, plastics, laminates, paints, or other natural materials are inherent to their character and cannot be avoided, and Diversified Spaces does not consider these variations to be defects. Colorfastness and variation of colors, grains or textures of such materials are not warranted. There are no implied warranties of fitness or merchantability, and there are no other warranties beyond the warranties expressed here.

Purchase Orders

Purchase Orders will be accepted only from authorized Diversified Spaces dealers, and must be submitted in writing or electronically. Acceptance of orders is the sole discretion of Diversified Spaces. Delivery is FOB Suring, WI 54174.

Pricing & Payment Terms

Prices are subject to change without notice and Diversified Spaces is not responsible for typographical errors. Quoted prices do not include federal, state, or local taxes. Sales Tax is required for deliveries to Wisconsin and Michigan and will be added to the invoice unless resale certificate applies. Standard payment terms are 1% 10/Net 30 days.

Handling Fee

In some cases, extra fees may apply to your order that are not indicated on the individual pricing pages. Contact your Diversified Spaces Project Manager or Estimating Team for applicable fees.

Any special delivery services, including but not limited to lift gate and inside delivery, will incur upcharges.

Cancellation and Change Policy

Customer is responsible for all costs incurred by Diversified Spaces prior to receipt of any change or cancellation. Orders for custom products may not be canceled.

Returns

Returned Merchandise will not be accepted unless authorized in writing prior to return. Contact our Customer Service Department for a Return Materials Authorization (RMA) number. Standard product returns are subject to a 25% restocking charge, and must be freight prepaid.

Freight Damage

Note: A clear receipt for a shipment that contained damaged merchandise or a shortage relieves the carrier of further responsibility. Check all deliveries for damage, and note any damage or shortage on the delivery receipt.

Merchandise Title passes from Diversified Spaces to the consignee upon delivery to the Carrier. It is the Customer's responsibility to submit a freight claim, including the cost of the shipment, for any damaged merchandise. Customer failure to follow the below instructions may result in added costs to Customer for delivery and replacement for damaged goods.

All Deliveries: Count and thoroughly inspect all items for shipping damage before accepting delivery. If it appears that damage could be possible, insist that the carton be opened and contents inspected by Driver. If damage has occurred, report damage to Diversified Spaces immediately. Recipient has the right to accept partial shipments and refuse the remaining damaged units. Refuse shipments of severely damaged items. If there is a shortage, note the shortage on the delivery receipt.

Motor Freight Deliveries: Inspect the shipment for damage immediately following delivery. Driver must note all damaged cartons or shortages on the Bill of Lading and/or delivery receipt prior to acknowledgment of shipment delivery.

UPS or FedEx Deliveries: Inspect the shipment for damage immediately following delivery. Note all damage on the receipt and have Driver initial acknowledgment of damage before signing receipt. Do not remove any damaged merchandise from the original carton until an inspection has been made or waived by the shipping company.

Product Suitability

Many states and localities have codes and regulations governing sales, construction, installation and/or use of products for certain purposes, which may vary from those in neighboring areas. While Diversified Spaces attempts to assure that its products comply with such codes, it cannot guarantee compliance, and cannot be responsible for how the product is installed or used. Before purchase and use of product, please review the product application, and national and local codes and regulations, and be sure that the product, installation and use are in compliance with all applicable codes.

OSHA Hazardous Substance & California Prop 65 Product Information

Material Safety Data Sheets (MSDS) for OSHA defined hazardous substances and a list of products known to the State of California to cause cancer or reproductive harm are available. For details, contact:

Diversified Spaces
300 Krueger Street
Suring, WI, 54174
Phone 877-842-5420
Fax 920-842-5420

The information and recommendations contained on the MSDS supplied by the manufacturer is considered to be accurate and reliable. However, Diversified Spaces makes no warranty with respect to the accuracy or reliability of the information or the suitability of the recommendations.
